Kathleen Leyden
Director, Maine Coastal Program
Maine Department of Marine Resources
State House Station 21
Augusta ME, 04333-0021

Dear Ms. Leyden,

Following receipt of the December 10, 2021, decision letter approving changes to the Maine Coastal Management Program, this office was notified of a discrepancy the table of changes submitted by the state and the state's analysis of changes. The discrepancy was in regard to an incorrect citation in the state's table due to a clerical error. The incorrect citation was repeated in the Table of Approved Changes that was attached to the NOAA Office for Coastal Management December 10, 2021, decision letter.

NOAA finds that the incorrect citation in the submission table to have been a harmless error in that the correct citation was stated in the state's analysis of changes. A corrected Table of Approved Changes is attached to this letter.

NOAA's regulations require that the state post this decision by the Office for Coastal Management for public notice.¹ The public notice should state that as of the date of this decision letter, the enforceable policies identified in the attached Table of Approved Changes shall be applicable in reviewing federal actions pursuant to the federal consistency requirements of the CZMA and its implementing regulations found at 15 CFR part 930.² Please send a copy of the public notice to the Office for Coastal Management for our records to close out this file.

QUALIFICATION

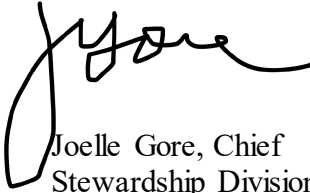

As a standard qualification applying to all program changes, states may not incorporate enforceable policies by reference. If an approved enforceable policy refers to another statute, regulation, policy, standard, guidance, or other such requirement or document, the referenced policy must be submitted to and approved by the Office for Coastal Management as an enforceable policy in order to be applied under the federal consistency review provisions of the CZMA. No referenced policy may be applied for CZMA federal consistency review purposes unless that policy has been separately reviewed and approved as an enforceable policy by the Office for Coastal Management.

¹ 15 CFR § 923.81(e)(5).

² 15 CFR § 923.81(f).

Please contact Becca Newhall at 978-281-9237, if you have any questions. For future correspondence regarding these program changes, please refer to the file number assigned to this action, ME-2021-1.

Sincerely,

Joelle Gore, Chief
Stewardship Division

Attachment: Table of Approved Changes ME 2021-1 (corrected 12/16/2021)

**Table of Approved Changes to the
Maine Coastal Program
(Corrected 12/16/2021)
ME-2021-1**

This corrected table replaces the Table of Approved Changes attached to the NOAA Office for Coastal Management December 10, 2021, decision letter. The revised table includes corrections to statutory citations to resolve discrepancies between the table of changes submitted by the state and the state’s analysis of those changes.

The approved changes are subject to the standard qualification stating that any referenced statutes and regulations in the enforceable policies below must be shown to have been separately approved in order to be applied in reviews of federal actions for consistency with the enforceable policies of the Maine Coastal Management Program.
