MAINE REVISED STATUTES – TITLE 12

Chapter 601 §6001 Subsection 13-I. Established base of operations. “Established base of operations” means the location where a vessel has its primary relationship. Among the factors identifying a primary relationship are the locations at which the vessel is primarily moored or docked, where it prepares for expeditions and hires a crew and to which it regularly returns for repairs, supplies and activities relating to its business or trade. The fact that a vessel carries on one or more of these activities at more than one location within this State or at a location or locations outside this State does not prevent the vessel from being considered to have an established base of operations within the State if a substantial portion of these activities are carried on at a location or locations within this State. For purposes of this subsection, “substantial portion” means a period exceeding 60 days in any calendar year.

Chapter 619 §6421 Subsection 5-E. Exception; nonresident lobster and crab landing permit with an established base of operations in State. An individual may be excepted from subsection 5-D, paragraph C as long as the individual submits documentation to the commissioner by December 31, 2011 that the individual operated a lobster and crab fishing vessel with an established base of operations in the State as a nonresident in calendar years 2010 and 2011. Documentation must include at a minimum proof of lobster landings at a Maine dealer, proof of utilization of a mooring or dock in a Maine harbor for a sufficient time to meet the requirements to be an established base of operations in this State pursuant to Title 12, section 6001, subsection 13-I, proof that the individual possessed a valid federal lobster permit or a valid lobster fishing license from a state other than this State and proof that the individual did not meet the resident provisions under section 6301, subsection 1.

§6306. Consent to inspection

1. Consent to inspection. Any person who signs an application for a license or aquaculture lease or receives a license or aquaculture lease under this Part has a duty to submit to inspection and search for violations related to the licensed activities by a marine patrol officer under the following conditions.

- B. Any other location where activities subject to this Part are conducted may be inspected or searched during the hours when those activities occur.
- C. A location specified in paragraph B may be inspected at any time if a marine patrol officer has a reasonable suspicion of a violation of this Part.
- D. No residential dwelling may be searched without a search warrant unless otherwise allowed by law.

2. Seizure of evidence. Any person who signs an application for a license or aquaculture lease or receives a license or aquaculture lease under this Part has a duty to permit seizure of evidence of a violation of marine resources laws found during an inspection or search.
