MAINE INFORMATION & ANALYSIS CENTER**

**Privacy/Civil Liberties/Civil Rights Audit Report**

**For the Period**

**01 July 2022 - 31 December 2022**

## INTRODUCTION

This report accounts for the privacy/civil liberties/civil rights (P/CL/CR) audit that was conducted by the Maine Information & Analysis (MIAC) audit team (Team) for the period of 01 July 2022 through 31 December 2022.

The members of the Team were MIAC Board Member James Landau; MIAC Board Member, Michael Feldman; LT Tyler Stevenson, MIAC Director, SGT Mathew Casavant, MIAC Deputy Director/MIAC Compliance Officer and Kent Avery, Assistant Attorney General/MIAC Privacy Officer. The audit is conducted pursuant to the MIAC Privacy Policy, specifically Part X(3)(B).

## GENERAL AUDIT PROCESS

To conduct the audit, the Team followed the “MIAC Privacy Audit Policy”.

As a general note, certain presumptions generally guided the Team in its work. Those presumptions included, as examples:

- That, generally, records that are the subject of such audits are commonly understood to be restricted for law enforcement (LE) use only.
- That, generally, records that are the subject of such audits are typically confidential/nonpublic by law, and that their dissemination is therefore restricted by law.
- That conclusions stated or asserted in records prepared by a LE agency (LEA) are presumed to be factually based.
- That, currently, no records subject to such audits that are maintained in MIAC information technology systems (ITS)-are required by law to be purged.
- That certain databases in which records are maintained or through which records are disseminated (for example, eGuardian) are accessible only by authorized LEAs and LE officers (LEOs).
- That the MIAC Compliance Officer reviews and approves each entry in the MIAC ITS on a weekly - if not daily - basis, that information is reviewed and approved prior to its entry into the eGuardian system, and that all bulletins are peer-reviewed before their dissemination.
- That “personally identifying information” was to be construed broadly for the purposes of question 6 on the Record Evaluation Form, and not to be construed to mean “personal information” (as defined in 10 M.R.S. c. 210-B), which is more narrowly defined.

## **POINTS OF DISCUSSION FOR FURTHER REVIEW WITH THE ADVISORY BOARD**

Points of discussion during the audit that will be further discussed by the Board included:

1. The recommendation that analysts don't assume or include their opinions regarding an individual's mental health status in the record unless there is evidence that it is directly related to criminal activity or a threat to public safety.
2. There was robust discussion on what the "record" is when applying the audit template. The MIAC receives information directly from our law enforcement partners, the public and private partners and is then entered into the MIAC ITS. The discussion focused on whether the audit template should only be applied specifically to what the MIAC produced in the report, or the if record should include the total information received and included in the report. At this time the audit template is being applied to the *total* information received and stored in the MIAC ITS and included in the report.
3. Recommend that the MIAC produced, State of Maine Threat Assessment, be selected for audit in addition to the regular audit requirements.

## **CONCLUSION**

- The audit found no evidence of nonconformance by the MIAC with the Center's Privacy Policy, revised 04 October 2021.
- As in previous audits, the inclusion of two MIAC Advisory Board Members in the P/CR/CL Audit was found to be constructive and beneficial to this process. They provided valuable feedback and engaged in meaningful discussion on a variety of matters relating to P/CR/CL.

## **ATTACHMENTS**

- Individual evaluation forms accounting for the Team's work during the privacy audit.
